

# *H2O (Homework, Help, Organization)*

## **S. Martinek**

**Complementary:** Business services: *Information Processing, Enterprise & Innovation*

**Driving Question:** Who am I as a Learner?

### **Course Description:**

Students will increase their strengths as a learner as we explore new strategies to improve learning; be able to describe how actions support learning. This complementary class offers the opportunity to improve your academic skills in areas needed. For example, students who need assistance in developing study skills, practice subject skills, behavior skills, etc. The environment in this complementary allows students to focus on homework, organization of binders/lockers and learn study tips to better themselves as learners. Students are expected to come prepared to class with their chromebook, a novel and work to complete. One would take this class to stay on top of class work, as well as, to complete projects and assignments with extra assistance from a teacher. In conclusion, this course's main objective is to aid each **student** in acquiring efficient homework and study skills and to encourage each **student** to utilize these skills in order to gain greater independence and success in completing homework assignments.

### **Career Possibilities: Business, Communication**

The primary expectation is for students to participate with a positive attitude and effort. Students will develop study skills and effective work habits to further their success in the academic classroom. Students will also utilize this time to gain organizational skills to utilize for themselves and their material.

### **Skills:**

- Prioritize material/assignments - developing problem-solving skills
- Communication - asking for assistance/explain assignments
- Initiative - Be prepared for class/focus
- Adopt effective learning strategies

### **CTF Outcomes:**

**These are the areas we are focusing on in this complementary**

#### **Personal Connections**

- CTF is exploring interests, passions and skills while making personal connections to career possibilities.

#### **Designing and Creating**

- CTF is planning, creating, appraising and communicating in response to challenges.

#### **Collaboration and Personal Growth**

- CTF is working independently and with others while exploring careers and technology.
