Complementary: Human services: A Taste of Everything

Driving Question: What am I passionate about? How can I turn my passion into a career?

Course Description:

Students will research happiness and what makes them happy. Throughout this comp, students will create mini lessons for the rest of their classmates in order to share their happiness. They will also research possible careers that incorporate their passions and interests.

Career Possibilities: Business, Communication, Human Services, Technology

The primary expectation is for students to participate with a positive attitude and effort. Students take part in various mini units including:

Activities

- ❖ Leadership skill development
- ❖ Research, plan and execute a mini lesson for the class
- ❖ Classes may be spent listening to music, gaming, going outside, doing various exercises, writing fan fiction, blogging, making "youtube" videos, etc.

Supplies

Students are expected to bring the following supplies to class during this course:

- Duotang & personal supplies
- Whatever is needed for their lesson

CTF Outcomes

These are the areas we will be focusing on as a class.

Personal Connections <ul style="list-style-type: none">● CTF is exploring interests, passions and skills while making personal connections to career possibilities
Designing and Creating <ul style="list-style-type: none">● CTF is planning, creating, appraising and communicating in response to challenges.
Collaboration and Personal Growth <ul style="list-style-type: none">● CTF is working independently and with others while exploring careers and technology.

Evaluation

Acquire: Construct meaning and understanding the requirements of the task.

Apply: Use information and understanding relationships to demonstrate and/or perform a task.

Adapt: Assess, integrate and transform knowledge and ideas

Students will be expected to complete daily skills, projects and tasks. Students will be assessed on attitude and work habits within the classroom.
